Your New Life Starts Here!

Welcome:

Hello, my awesome co-creator!

I am SO happy you are here! I am SO happy and grateful that you downloaded this Special Report on the "Transformation - ID Shift – Let Go and Let God....." method - How to Tap into your Natural state of Love and Abundance, starting right now."

In this Special Report you will discover how the unbelievable knowledge of a man born 2000 years ago can show you how to manifest anything and everything you want from life!

Read on, you'll be surprised to learn what this "knowledge" is.

Aligning to my dreams and to the life I intended to create, has made ALL the difference in my life. When I look back on what happened in my life it kind of feels like my own little fairy tale. 34 years (1989) ago I was depressed and addicted to alcohol.

Deep down inside I felt I was born for greatness, but I just couldn't see how this was possible.

I couldn't see how little "me" could make any kind of difference in the world.

So, day in, and day out I pushed away the dreams that were burning inside of me.

I always wanted to be rich and famous and successful, but I started to believe that it was all just in my head. That it was a nice dream, but that it would never really happen.

UNTIL I learned about Spiritual Laws, the Law of Cause and Effect, and the Universal Laws of Creation.

Learning and applying Spiritual Laws literally took me from the "gutter most" to the uttermost.

Now it's your turn – welcome to the VIP lounge baby – together we are going to change the world.

Introduction:

I am often asked why I believe in the Bible, was it because you grew up in a church or was "saved" by Jesus, or indoctrinated in a certain religious belief?

Neither I did not even grow up in a religious environment, I only "ran" into an energy which I prefer to call God when I was 39 years old. You can read all about it [here](#).

But I was always, still is, an avid reader and student of life. I love Metaphysics, Mythology, Spirituality, Quantum Physics and Quantum Mechanics. I also love studying human behaviour patterns, especially how thoughts, consistently dwelled on, will become a belief that will determine your action/s.

And this is the reason, if you read between lines, I believe in the Bible. Because there's certain things written in the Bible thousands of years ago that could only, in recent years, be proven by science.

So, we will use this as a foundation in this Special Report.

Whether you believe that Jesus was a real person walking on our planet approximately 2000 years ago or just a mythical figure is not in the scope of this Special Report to answer, neither is it my intention to get involved in such a discussion. Feel free to belief anything you want, just be aware of the results your beliefs produce. 😊

The intention of this Special Report is to see if we can learn something from this to see if can use it to create a Lifestyle of **FREEDOM!**

So, let's dive in and see if we can discover something that can show us how to manifest anything and everything we want from life!

"If you have faith as small as a mustard seed, you can say to this mulberry tree, 'Be uprooted and planted in the sea,' and it will obey you. - Jesus Christ

According to the Bible, two thousand years ago, in the city of Bethlehem in the Galilee region of Israel a baby was born in a humble manger. Again, according to the Bible, his name was Yeshua. Today he is widely known as Jesus Christ, and he was undoubtedly the most influential man who has ever lived.

We are just, today, starting to really understand the meaning of his prophetic and powerful words.

As we read the Bible and compare it with the most modern-day findings of science... more and more we are realizing that Jesus knew and understood things about the universe we are just starting to grasp.

Again, please take note, I'm not advocating a certain religious system here. But just imagine a man who lived almost 2000 years ago had expressed truths about the universe...that our most brilliant and cutting-edge scientists are just starting to learn!

And now, because the "truth" of Jesus' teachings is becoming clear, you can put the true meaning of his lessons to work to get anything you want out of life.

If you stay with me for just a moment, you'll come to understand how these lessons from the Bible, which I call the... **"Transformation - ID Shift – Let Go and Let God....."** Method can deliver to you anything and everything you want out of your life...

- Greater **Financial Abundance**,
- Deeper and Meaningful **Relationships**
- A More Productive and **Important Job**
- An Expanded and Deep **Intellect**
- A More **Incredible Sex Life**
- Powerful **Abundant Health**
- A More **Attractive Appearance...**
- Anything and Everything your heart desires, these lessons can give you, quickly and easily.

Jesus taught his secrets to the world, but frankly the world just wasn't ready to hear his message of unlimited abundance and love.

While we all know the stories of the Bible, very few have truly understood them. Many people believe that the stories of the miracles Christ performed were meant as metaphors or supposed to be poetic license... and some of them are, but most of them have a double meaning to, depending on the readers perception and understanding.

Where they are on their current journey will also to a great extend determine their interpretation and meaning of said "stories" My advice always, take it for the testing.

But what if you took it for testing and find that they were true?

Just imagine if Jesus really did:

- Heal lepers and the blind,
- Resurrect the dead,
- Turn water into wine,
- Feed the multitudes.
- Miraculously catch a multitude of fish,
- Walk on water,
- Calmed the storm,
- Curse the fig tree.
- and help the deaf to hear again.

What would it mean if all these things were not poetic license and metaphor...**What if they were all real?!**

Christ's Most Amazing Discovery!

In John 14:12, Jesus tells us "I tell you the truth, anyone who believes in me will do the same works I have done, and even greater works..."

Christ was very clear, everything he did we can do too!

And we can do **even greater things**...as long as we believe in him.

But what if believing in Him simply means learning and applying his teachings?

What if what he was telling us is that we have all the ability to heal people, and **to manifest an amazing life** that touches those around us, like he did...

What if being Christ-like is actually **our birthright**.

We just need to understand it, and believe that we can be it?

I'm not suggesting we can claim the title of saviour of humanity, I'm just telling you that recent advances in **quantum science** point to the idea that: the Bible is actually explaining how the universe works in the language of the time.

And that when we understand what Christ was truly teaching and learn how to **use our minds to broadcast what we want, it is created in this world and brought to us**...as long as we have faith.

And my dear friend, this is what I want you to experience when you attend one of our spiritual/personal development [training sessions](#), or [business group coaching sessions](#) become a ["Transformers Tribe" member](#), or do some on-on-one coaching with me.

This is **NOT** the Law of Attraction nonsense.

Over the next few minutes, I will explain, in detail how all of this works...and reveal how you can tap into the universal power Jesus taught...to have anything and everything your heart desires.

First, please bear with me a little bit as I explain.

Some of these concepts are quite scientific, and things might get just a little confusing.

I'm not claiming to be a physicist, nor am I a theologian (I'm just saying this, a little tongue in the cheek, I did go to the International Theological Institute in 1991 and actually has doctorate in Theology, but I'm not writing this from theological background, well maybe a little 😊) ...However, like some of the most successful people in history, I took action and self-taught the secrets I'm about to share with you.

I have spent hundreds of hours studying some of the smartest and most successful people in history. Scientist and doctors included. I have also studied the Bible, extensively, and found many parallels and coincidences.

As unbelievable as it might seem, **Science is quickly proving** that Christ was telling the truth about you and I being able to **affect the world around us** in the same way he did.

When you understand the Jesus' teaching, you'll discover that you can communicate

your desires through faith in Jesus and in God...and your world will change based on those desires.

And the most amazing that is, science has progressed to a point where it can measure the truth of what Jesus taught his disciples 2000 years ago.

With modern instruments, scientists can actually see the universe, at the smallest level, change and adjust based on the "**Transformation - ID Shift – Let Go and Let God.....**" method.

Let me try to explain the science of it really quick.

Quantum Science.

In Quantum Science, we know that there are two forms of energy:

The Wave and the Particle

The Wave is when everything exists in pure possibility, while the Particle is what reality is, right now.

Through numerous well-documented experiments, scientists have established this mindboggling, but **100% TRUE FACT...**

Electrons, which are the tiniest building block of our universe, behaves in a **WAVE STATE** when nobody is observing or looking at it.

But when someone observes these electrons, they suddenly exist as **Particles**.

Huh?

The same electrons can exist or behave in a wave or particle state, depending on whether they are being looked at or not?

Yes.

Baffling as it may sound, you've heard that right.

It is a well-established quantum science fact that electrons, the tiniest building block of our universe, **RESPOND** to a person's interaction with it.

But How is that even possible?

The answer is "Quantum Superposition."

When observed, the electrons act like particles.

But when they aren't being observed, they exist in a state called "Quantum Superposition".

This is a state where truly **every possible outcome exists ALL** at the same time.

That is, until the scientist or somebody watches the electrons or records the experiment in action.

[Watch this short video for a better understanding of how this works.](#)

Once an experiment is being watched by someone, the electrons instantly 'collapse' from their Quantum Superposition state and go back to behaving like normal particles.

So, before the scientists look at the experiment, all possibilities exist, but once they look, only one possibility exists.

In other words, when the scientists actively observe, record, or interact with the experiment, the universe **CHANGES** at the smallest level.

Here's the **REALLY** wild, but exciting part.

The one possibility that becomes reality will **CHANGE** if a different person is watching the experiment.

In other words, when scientist A runs the experiment, he gets one result.

But when scientist B runs the same experiment, she gets a **different result**.

The person watching the experiment actually **AFFECTS** the outcome of the experiment.

Keep in mind, that these subatomic particles are what the entire world, the entire universe are made out of.

If we can affect these smallest building blocks of our Universe just by watching, we can affect the entire world.

And if simply watching the electrons, with no expectation or desire about the outcome, changes the universe...

What do you think can happen when we focus on a specific outcome?

The answer is clear.

If we have faith in our ability, we can change the universe at the most fundamental levels, which leads to changes at the higher levels of existence.

That allows us to **CREATE** and get anything we want out of life.

It may seem unbelievable but stay with me a moment and I'll prove it's **TRUE**.

Now, let's set the quantum science facts aside for just a minute and we'll get back to it later.

At this point, just remember, the electrons existed in **Quantum Superposition...** which means **every possibility** was happening **AT THE SAME TIME**.

Jesus knew the universe we can see with the naked eye, while the Newtonian model of the universe, was nonsensical.

At the smallest levels, as strange as it may be to think about, **the entire world is made up of energy.**

That includes the walls of your home, your car, the food you eat... even your physical body.

All are made of energy that are vibrating at different rates.

Hebrews 11:3 reads: "We understand that the worlds were formed by the word of God so that the things which are seen, were not made of things which are visible."

The things that are seen, are not made of things that are visible.

The idea that 2000 years ago they understood that physical material was made from atoms (things that are not visible) might be hard to believe, but I didn't make that verse up.

In light of what we've discussed, now let's look at what Jesus says in Mark 11:23,

"Truly, I say to you, whoever says to this mountain, 'Be taken up and thrown into the sea,' and does not doubt in his heart, but believes that what he says will come to pass, it will be done for him."

Somehow, even 2000 years ago, he understood the universe was energy, and that **we could manipulate that energy at will.**

And modern science is proving Christ right.

Our world is made up of atoms, and those atoms are made up of sub-atomic particles, only the "particles" aren't particles at all.

They are fluctuations of energy.

Then we know Christ said anything is possible to those who have faith, and if we have enough faith, those things will happen.

What Christ was teaching us is that **we have the power** to shape the world... as we want it!

Through quantum science, we've established that we can already see and record the universe, which is made up of energy, changing at the most fundamental levels.

This power to shape the world and affect our universe at the most fundamental level is an awesome ability.

And you can harness it to deliver to you anything you want.

Whatever you want out of life you can have it, if you use the **"Transformation - ID Shift – Let Go and Let God....."** method.

If you have not yet read our [Meet Ockert](#) page, or even if you had, 😊 here's a little more background about me.

How to Become and Stay God Inside Minded
GOD "WANT'S" ME TO BE HAPPY AND HEALTHY, WEALTHY AN HEALED

I have studied why successful people are successful, and what makes failures fail for more than 50 years, I've had an ongoing fascination with why the top 20% of the people in any endeavour achieve 80% of the results.

Not just with regard to financial matters of a business.

I'm talking about everything!

From relationships and marriages to athleticism and intellectual pursuits...and the same is true with money as well.

Let's get something straight right now.

There's nothing in the Bible that would suggest that you shouldn't be financially abundant.

As a matter of fact, there are many readings that suggest that Christ was quite well off.

After all, the Three Wise Men brought him Gold, myrrh, and frankincense...

All three are treasures in the time when He was born.

I don't have any issue with people

wanting more money out of life.

I spent a lot of my life lacking financial abundance, so I promise you I understand. I've been very rich and very poor, One thing I learned through those cycles it's much nicer being rich than being poor1 ☺

However, the healthy desire for more abundance is **NOT** the unending greedy need for more.

If you know that you'll never be satisfied and that you'll do anything and everything to get more, more, more...Then I'm going to ask that you stop reading the rest of this Special Report.

You can't have a balanced life...

Balanced Life.

You can't have a balanced life if you are a bottomless void into which you want to keep throwing material things.

On the other hand, let me tell you a couple things about the "I don't care about money" crowd.

They don't have any, and they do care about money.

Not the money in and of itself, but what the money can do for them.

They're also clueless about how to get more of it.

We all want the security and the comfort that money can give us. Everyone wants a level of material comfort.

As the saying goes, you really only need a cave, a slab of meat, and a fire.

But we all want more than that!

We want some safety, we want some comfort, we want to know we can pay our bills without being stressed out every month...

We want to be able to help our friends and family when they need it. All of those desires are healthy desires.

They're reasonable.

They're good!

You shouldn't feel in any way embarrassed or ashamed to have them.

Remember at the start of this Special Report, I spoke about the **hidden lessons from the Bible...**which I call the **"Transformation - ID Shift – Let Go and Let God....."** Method, it can deliver all of your desires... and so much more!

The **"Transformation - ID Shift – Let Go and Let God....."** method works based on energy and vibration. Sacred Numbers, Sacred Sound (Vibration) and Sacred Geometry. More about that in our training sessions, it's not in the scope of this Special Report to explain it in detail, Patience my dear Watson. 😊

Your conscious mind is the director, the focusing agent of this power we are all endowed with, and by focusing our intentions, we can shape the material world.

From the very beginning of the Bible, it tells us that energy and vibration can create or destroy the material world.

Genesis chapter 1 tells us, "In the beginning God created the heaven and the earth. And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters. And God said, Let there be light: and there was light. And God saw the light, and it was good; and God divided the light from the darkness."

And John 1:1 tells us, "In the beginning was the Word, and the Word was with God, and the Word was God."

So, these two passages are telling us that God was the word, or was vibration.

And with that vibration, He created form and existence from a dark void.

God literally **spoke the World** (Universe) into existence. It was vibration, energy, and intention that created the universe.

God imagined something that wasn't there, and with his words he created it out of nothing.

This isn't a nifty story to tell your children, my friend, this is a **formula for CREATION**. And God has given us the ability to use it.

That's what Jesus wanted to teach us.

And he literally gave us a blueprint to the power we all have inside of us.

But instead of understanding what he wanted us to know, we just ascribed his power to being the son of God and assumed we can't do it, and we do not have the same power he has.

Again, this is despite him telling us that we have the ability to do everything he did, if we will just understand his teachings, and have faith that he is telling us the truth.

The good news is, today, frankly, we don't need to have faith because Quantum Science is proving that Christ was right.

If we believe with all of our hearts, we can do all he has done and more.

We simply need to see what we want, then believe it will happen then speak it into reality. God was but the Word and he spoke the entire universe into existence.

And He Created Us In His Own Image.

Genesis 1:27 reads, "So, God created man in his own image."

Let me ask you something, do you think that means that God has 2 arms, 2 legs, 2 eyes, 10 fingers, etc.?

Of course not, that would be ridiculous.

What it means is that God created us as Creators.

- Nothing about us is truly unique in nature except for one thing.
- Our intelligence isn't unique.

- Go ask a zookeeper about the great apes, or a marine biologist about porpoises.
- Our ability to love and hate isn't unique.
- That is found through the animal kingdom.
- Heck, any dog owner can tell you that dogs love and hate.
- Same with apes, with ravens, etc.
- Our ability to organize and work together isn't unique either.
- Some of the smallest animals in existence work together much better than we do...

The only thing that makes us unique is imagination.

The ability to see the world as we want it to be, rather than as it is.

Because we can imagine how we want things to be, we can change our environment.

Among all the species of plants and animals on the Earth, we are the only ones who can see the world as it is, then imagine how we want it to be and set out to make it that way.

That might not seem like much, but it is the **true root of creation**. It is how we are made in the image of God. Because he blessed us with an **imagination**.

Genesis 6: 11. "Nothing they **IMAGINED** will be **IMPOSSIBLE** for them. All of our teaching is based on this concept of, [everything is you pushed out](#).

And that imagination gives us the ability to CHANGE and AFFECT THE WORLD around us.

The Conscious Mind is what Controls our Imagination.

Our imagination is "located" in and controlled by our conscious mind.

Although we can, and often cede control to our subconscious, we can easily take it back with the slightest of **intentions**.

For example, close your eyes and imagine the sweet taste of blueberries in cream.

Even if you've never had blueberries in cream, if you've had blueberries and you've had cream, you can imagine them together.

Focus enough and use your imagination vividly, and your mouth will actually start watering and you'll taste blueberries in cream.

Our conscious mind houses our imagination.

And it's in the imagination that our ability to tap the "**Transformation - ID Shift – Let Go and Let God.....**" method is found.

Webster's Dictionary defines "consciousness" as: the state of being conscious; aware of one's own feelings, what is happening around one, etc. the totality of one's thoughts feelings and impressions; conscious mind.

The bottom line is that self-awareness is consciousness.

We are aware of ourselves, our feelings, etc. because we have a "conscious mind" in addition to an instinctual mind.

On the other hand, dogs – while wonderful animals – operate only on instinct.

They are not aware of themselves and their mortality.

The conscious mind and the imagination are the primary difference between animals and humans, that's why it is said we were made in the image of God.

We can use this gift, the conscious mind, and our imagination to create anything we want, **IF** we understand

how to do it.

It is in our imagination that we find the virtually unlimited creative ability that each and every one of us was gifted with.

We know, as a Quantum Science fact, that we can change the outcome of a quantum experiment dramatically using just our observation.

Without our observation, every single possibility happens at the same time.

But when humans watch or record the experiment, the electrons behaved as particles just like how the scientists imagined them to be.

Just by watching, the scientist created a "quantum wave function collapse."

Where, rather than every possible outcome happening all at once, only one outcome happened. In other words, the electron – the smallest building block of our universe – exists only in a state of unlimited outcomes until it's looked at.

Once it's looked at, only one outcome exists.

The science might be interesting. But the question is:

How can this help you in your life right now...today?

By summarizing the findings of several scientists, we find a stunning conclusion.

The world around us and our conscious mind are indelibly **LINKED** at the microscopic (quantum) level.

We can tell from Quantum Science experiments that through this link, **our minds can influence** the world around us.

And because we control our conscious minds, we can **INTENTIONALLY EXERT INFLUENCE** and **CONTROL** on the world around us.

The implications of this truth are almost unbelievable.

They would be unbelievable except we read what Christ did in the Bible and when we study his teachings with the understanding of quantum science too much lines-up perfectly to be ignored.

There have been studies for decades that show that people can affect the results of random number generators, just by meditating and **believing** that they can.

That's right.

For decades, scientists have tried to explain how random number generators which create a string of 1's and 0's at a 50/50 ratio, can create 60%, 70%, or 80% 1's, if someone meditates on it creating more 1's, or 0's if someone meditates on it creating more 0's.

By simply thinking, and believing, a person can manipulate the function of a random number generator.

Sounds like a miracle?

Christ performed miracle after miracle.

And Christ gave us a clear and specific formula to follow to perform miracles in our life. You can use the **“Transformation - ID Shift – Let Go and Let God...”** method to shape the reality around you.

You simply need to learn to use your conscious mind.

All it takes is a little training and some focused effort on your part.

We may not need to curse a fig tree

or turn water into wine.

BUT you can use the “Transformation - ID Shift – Let Go and Let God.....” Method to **shape the reality around you.**

You simply need to learn to use your conscious mind.

All it takes is a little training and some focused effort on your part.

We may not need to curse a fig tree or turn water into wine.

- But how about a promotion at work?
- Rid yourself of minor aches and pains?
- Have supernatural health and vitality?

What could you do if you had access to an infinite storehouse of information that you can draw on instantly?

Now you can easily, accomplish all that and more in my new program...

The "Transformation - ID Shift – Let Go and Let God....." Method will show you:

- How You Can Shape Your World,
- Easily and quickly,
- With the Hidden Teachings of Christ

Anytime I talk about the **"Transformation - ID Shift – Let Go and Let God....."** Method people always ask me,

- "If I can do miracles, why bother doing this.
- Why not just miracle up everything you want out of life?"

I understand the question.

But it suggests a misunderstanding of the teachings of Christ and the Bible.

You can't just materialize what you want and have it drop on your lap.

That would be nice, but it would also be a disaster.

We would live in a world that changes as quickly as the mind of a 5-year-old.

It would be a nightmare.

You must concentrate on what you want with calm focus...then the universe (or perhaps God himself) starts the process to bring that to you.

What you want has to be created in the physical world, then brought to you.

Remember how the electrons in quantum science experiments existed in all possible states at once, until someone looked at them?

Well, the world exists in all possible states at once, until something acts upon it.

When you decide you want something, you are acting upon the world... and it will start to collapse into the reality you want.

However, you can't keep changing your mind and setting the world onto a different path every moment.

You also can't give up and lose faith on what will happen...

You must stay focused on what you want... and maintain the belief that it will arrive.

So, the first thing you must do to use the **“Transformation - ID Shift – Let Go and Let God.....”** Method is... learn to focus your mind.

First, know what you want and **focus**. Next, unleash the power found in the **“Transformation - ID Shift – Let Go and Let God.....”** Method, and your desires will arrive in your life so quickly, it might scare you a little!

Several of my friends have been startled when I shared my first draft of the **“Transformation - ID Shift – Let Go and Let God.....”** Method with them.

Like John T who said:

”Ockert, I finally understand why prayer works! It seems silly, but now that I have a real understanding about how this all works, I find myself getting everything I pray for. I guess I needed to have more faith for God to answer my prayers. Or did God just give me the power to answer my own prayers if I had enough faith in what He did?

I don't know, I just know that my life has drastically changed for the better!

Thank you!”

Samantha M, who wrote: “I can't believe how fast the **“Transformation - ID Shift – Let Go and Let God.....”** Method works. It's nothing less than shocking!

I got the Special Report and read it. When I was done, I was sceptical, but I figured following the program couldn't hurt...so I did.

Within days I had more money, my transportation problems vanished, and a friend since high school who I had a falling out with over a year ago reached out to reconnect...which is the best news of all.

I may have been sceptical, but now I'm a believer. I want to tell the world I just wish I could find a church that teaches what Ockert teaches. It's like they want to keep us dependent on them, while Ockert helps set you free and realize your true, God-given abilities.”

Johan Kruger, who writes: “Ockert, I can't thank you enough for your amazing work. I've been a preacher for over 20 years, and you opened my eyes.

For years, I believed that Jesus' rebukes of his disciples seemed unfair. Certainly, he can't expect his disciples to do the same miracles he did. He's the son of God!

Who would have thought that a book would finally help me realize that we are all the sons and daughters of God, and we all truly can do all that Christ did...and more!"

What's really exciting is that I've consolidated the **"Transformation - ID Shift – Let Go and Let God....."** Method Quantum... into an **easy-to-follow weekly program**.

You attend a two-hour class every Wednesday with the **"Transformers Tribe"** (morning or evening class – your choice), Listen to a short 5 – 10 minute, read three short paragraphs and answer a "DFQ" (daily feedback question so that I can monitor your progress and see if you understand the material.

And I've even discovered how to create a **force multiplier effect**.

Even the biggest and most outrageous desires... can be manifested in **almost no time at all**.

In the **"Transformation - ID Shift – Let Go and Let God....."** Method program, you'll discover:

- How to discover your burning passions.
- Emotion tempered by belief and discipline is the key to Christ-like power.
- Most people don't know how to find their passions...but you will have a clear path,
- How to Manifest your best life that help fulfil those passions in a meaningful way,
- The true implications of knowing that the whole world is energy,
- How to draw your intentions to the surface, so you can activate your God given power to manifest in this world,
- A step-by-step process to become aware of your ability to manifest reality,
- The true way to take control of your life immediately,
- How to raise your vibrations in order to make powerful changes in the world,
- The importance of loving yourself (hint: You are a creation of God),
- The power of gratitude,
- The incredible power of radical authenticity,
- How to ensure creation is always sending more blessings your way,
- How to tap into your inner creativity and let loose the incredible flood of artistic skill you may have never known you had,
- And much, much more...

This information is so powerful, so life transforming...I've created this course with one thing in mind, and that is to show people how to enter into a transformative relationship with God by becoming and staying God inside minded.

I want people to understand what I understand about Jesus' teachings...and apply our God given abilities.

Look, this is life changing information.

If enough people understand their power, it could literally **change the world**.

- Dismantle the power structure who are telling you that you're just a flesh robot.
- Tear down the control systems which have held humanity back for generations...
- This could be the start of a revolution of consciousness which impacts the entire planet.

After that:

Just spend a week on each lesson, follow the simple instructions and you'll see your life start to morph into the life you want and deserve.

In each lesson, there are small exercises to boost your confidence in yourself and in the "**Transformation - ID Shift – Let Go and Let God.....**" Method.

Remember, faith is an important part of this whole process...

So, I have included small exercises to help you build your faith as you go.

Each week you'll have several small wins that will help **bolster your confidence and belief**, in just a few short weeks, **you'll be manifesting at an unbelievable level**.

There is one catch, though... you **MUST** do the work.

It doesn't take more than a **few minutes a day**, so it's not much.

And frankly, if you don't have the desire or the discipline to spend 5 or 10 minutes each day doing a little bit of work, maybe you just don't want to change your life.

I don't mean to seem harsh, but you have to do the work if you want the results...

Ok.

STOP HERE!

You need to ask yourself a question before you go on.

At this point, you need to decide if you're the kind of person who wants **RESULTS**, or are you the kind of person who would rather have **EXCUSES**?

Ask yourself,

"Can I make a decision and works towards my goals...Or should I just resign myself to forever talking about things and never living the life I want?"

Are you still with me?

Good, then I think you know the answer.

Luke 11:5-13 says: Then Jesus said to them, "Suppose you have a friend, and you go to him at midnight and say,

'Friend, lend me three loaves of bread a friend of mine on a journey has come to me, and I have no food to offer him.'

And suppose the one inside answers, 'Don't bother me. The door is already locked, and my children and I are in bed. I can't get up and give you anything.'

I tell you, even though he will not get up and give you the bread because of friendship, yet because of your shameless audacity, he will surely get up and give you as much as you need.

"So I say to you: Ask and it will be given to you; seek and you will find; knock and the door will be opened to you.

For everyone who asks receives; the one who seeks finds; and to the one who knocks, the door will be opened.

"Which of you fathers, if your son asks for a fish, will give him a snake instead?

Or if he asks for an egg, will give him a scorpion?

If you then know how to give good gifts to your children, how much more will your Father in heaven give the Holy Spirit to those who ask him!"

The message is very clear...

Ask and it will be given to you!

Isn't it time you discovered how to **ask for the life you want?**

Isn't time you learned how to communicate with God...

and ask him for help finding and building the life of your dreams?

You can start today...you can **start right now!**

... Look, The Truth Is No One Does It Alone!

There is this false ideal in our society of the "self-made" man (or woman) who is able to find success through his own efforts. Now, don't get me wrong, success does require an immense amount of determination and personal grit.

However, **success also depends on the ability to connect with people who have already made it.**

There was once a man named **Ernest Hemingway**. If you aren't familiar with Ernest Hemingway, he was one of the greatest American writers of all time.

Even a great writer like Hemingway didn't succeed on his own. He worked at a newspaper where his boss – a writer named Sherwood Anderson – helped him get his first novel published. Hemingway then connected with other no-name writers like F. Scott Fitzgerald, Virginia Woolf and James Joyce.

This community of great writers helped to influence his style, success, and drove him to write every single day and become one of the greatest authors of his generation.

Hemingway is a testament to the fact that innate talent alone does not equal success. It's hard to keep up a strict schedule to perfect your craft or improve yourself if you don't have people around you with similar interests. Your peers will determine the way you think, the way you act, and the way you approach your life goals.

Another great figure of history who embodied this principle was Aristotle. Aristotle was one of the greatest minds to ever grace this beautiful Earth, but this was only so because he was constantly challenging himself and working to refine his talents.

He exchanged ideas with other Greek philosophers in the 'Academy', learned from his mentor Plato, and taught a young boy named Alexander...who would later become '**Alexander the Great**'.

You see: every great person was, is, or will be, successful because of the company he or she keeps. They will make an impact because of a successful network of driven peers who provide both inspiration and healthy competition.

So, if you want to be remarkable also, you must constantly challenge yourself and surround yourself with remarkable people. So, think about what your goals are and take a look around you. Ask yourself, how much would you benefit by increasing the power of your peer group? How much faster could it help you create your dreams? Make more money? And live the life you've always desired?

Remember: every year that passes can never be recovered. What is the cost to you of another year wasted?

Just imagine if you spent the next 5 years visiting the "Transformation - ID Shift – Let Go and Let God....." Method regularly, ensuring you would become successful, and you became successful... **Then what is that worth to you?**

This is incredible value, what price would you put on that? I've travelled far and wide to meet the amazing people on this membership site. You don't just meet eagles by

walking around your local area, you have to search for them. Luckily for you, I've done all the leg work for you.

I've collected 'the eagles' - Now you have the chance to simply log in and benefit and when you see the fee I'm asking for membership, you're going to be shocked...
